

WAIVER AND RELEASE FROM LIABILITY

Dear Customer,

Shine Aviation Services would like to advise all our valued customers who visit the Abrolhos Islands as part of our company's tours, that all ground activities including (but not limited to) swimming, snorkelling, and walking on the islands can have their hazards. The walk to the lunch shelter is approx. 700 metres which includes uneven ground, a boardwalk and beach walking, and we suggest a reasonable level of fitness is required. Examples of hazards include (but are not limited to) are:

- Tripping on uneven/unstable ground
- Marine Life
- Steep Rock Faces
- Sunstroke/Dehydration

Whilst every effort is made by our team to care for all customers, Shine Aviation Services and its employees cannot be held responsible for any injuries sustained during the ground, sea and/or any component of the land-based tour.

The Department of Primary Industries maintains a website with any current marine life warnings. <https://www.fish.wa.gov.au/Education-and-Partnerships/Shark-Hazard/Pages/Shark-sightings-and-response.aspx>

Aerial activities are covered by our mandatory Carrier's Liability insurance; our employees hold Senior First Aid Certificates, carry mobile telephones and our aircraft contain first aid equipment.

You and all passengers on your booking acknowledge and agree to ***waiver of liability*** that you assume any risk and take full responsibility and waive any claims of personal injury, death or damage to personal property associated with the land-based portion of this tour as stated above.

During the day, the pilot will be taking photos which we would like to email you at a later date. Please let the pilot know, if you don't want your photo taken.
